Week 2 Term 4, 14th October 2015

Dear Parents,

It is now only five weeks until the P & C Twilight Fair. I can hear you asking - How can you help? There are a myriad of ways in which parents can actively contribute to the success of the occasion –

- Send in any use toys, still in good condition, for the Toy Stall.
- Clean out the bookshelves and send those pre loved books in for the second hand Book Stall.
- If you have a green thumb you may like to pot some cuttings for the Plant Stall.
- Dig out your favourite cake recipe and be ready for the Cake Plate to come home.
- Second hand clothes in good condition are always a winner at the Clothing Tent.
- Volunteer to assist with a stall on the evening.

All donations will be very gratefully received and can be left on the front verandah of the admin office. Please make sure the items are bagged or boxed securely and labeled with the appropriate stall. Thank you to our Kororo community who are always so very generous and supportive of P & C activities.

Over the course of the remainder of the term, students K – 6 will be participating in Child Protection lessons. The aim of child protection education in primary schools is to assist students in developing skills in recognising and responding to unsafe situations, seeking assistance effectively and establishing and maintaining relationships. The curriculum is about strengthening attitudes and values related to equality, respect and responsibility.

Lessons will be conducted in the three areas of child protection - Recognising abuse, power in relationships and protective strategies. All lessons are a part of the DEC Personal Development syllabus and taught by classroom teachers in the context of their well developed classroom relationships. All lessons are at an age appropriate level and utilise age appropriate language. Parents are asked to contact their child’s teacher if they have any questions about the content of this area of the syllabus.

The school is currently in the very early stages of organisation for the 2016 school year. If you know that your child will not be returning to KPS for the coming year, could you please return the note contained in the newsletter. The more accurate our numbers are, the greater is the accuracy of our planning.

Hope it’s a productive week.
